

Shrewsbury Sept. 20 1871.

Hon. Albert Fearing,

My Dear Sir,

From some remark of yours I was led to hope, that since the debt on your Agricultural Hall has been paid, I might look for one more appropriation from your Society, for my son at the Agricultural College. All the bills, by your generous personal aid last year, added to former appropriations by your Society, have thus far been paid. But I do not see how I can, unaided, meet the coming bills; & yet, as he is in his last year, he feels very desirous of completing the course. I write to inquire if any action has been

taken in reference to the matter?
Should the Society see fit to render
him assistance as heretofore
it would be very gratefully received.
He is now 21 years of age & yet
he still looks to me to provide.
I am sorry to trouble you
but I know not what else to do
but to make inquiry.

I hope your health, which was
somewhat impaired about
Fair time is greatly improved.

Yours Very Respectfully
E. Porter Dyer
